

# Training Workshops

## Building Effective Nursing Handover Communication: Improving Patient Safety

The workshops aim at training the nursing staff to build up effective nursing handover communication. They improve their understanding of the handover communication protocols, iSBAR and CARE-Team, and provide role-play sessions to practise using the protocols in handover.

**Date:** Starting from December to May, 2021-2022

**Venue:** The City University of Hong Kong & hospitals

This material/event is funded by the Professional Services Advancement Support Scheme of the Government of the Hong Kong Special Administrative Region.

Any opinions, findings, conclusions or recommendations expressed in this material/ any event organised under this project do not reflect the views of the Government of the Hong Kong Special Administrative Region or the Vetting Committee of the Professional Services Advancement Support Scheme.
